AVIS DE CLIENTS

"We had a wonderful week in this delightful apartment, with its spacious terrace and lovely views over the beach, across the sea to Cannes and beyond to the hazy promontory of Cap d'Antibes in the distance. The apartment has everything you need for a comfortable stay and is decorated and furnished in an attractive and characterful Provençal style. We found it to be exactly as in the photographs, well looked after and clean.

We were amazed to find so few people on the unspoilt and well-kept beach during our week in June: it was hard to believe that we were so close to Cannes, yet so secluded and peaceful. As we were only staying a week, and were very happy to relax on the beach or terrace, we only explored further afield one day, but this apartment would also suit people who wanted to use it as a base to visit the seaside towns of the Cote d'Azur and the hill villages beyond.

The nearby restaurant Chez Philippe, set right by the water, is lovely for a special meal in an attractive setting and we also ate good meals at two other waterside cafes/restaurants a short stroll away along the coast walk into the heart of Theoule. The bakery along the road into the village is very convenient for fresh bread and croissants and sells tasty snacks, such as pissaladiere, to take away.

Arrival and departure arrangements worked very well and we found Claudine to be most pleasant and accommodating; indeed all the local people we came across were very friendly, especially if you speak some French! All in all, this is a charming apartment and a delightful place to stay." Richard, Carolyn and Dan, Cotswolds, UK

We hope you will be our guests soon! Lynn
